English Oak Recruitment

English Oak Recruitment is dedicated to the idea of providing every possible assistance to enable students from central Europe to study in Britain. We aim to provide a level of personal service that other organisations cannot match.

There are several ways in which you can study in Britain:

1. If you are at school and/or you have never studied at a higher education institution you could apply to study on a three year bachelor's degree programme.
2. If you have obtained (or will have obtained by September) at least 120ECTS credits, then you can apply to study a top-up bachelor's degree and obtain the qualification in one year
3. If you already have (or will have obtained by September) a bachelor's degree, then you can apply to study a master's degree, which is usually obtained after one year of study.
4. We also have places available at preparatory schools (ages 8-13 years), Boarding high schools (ages 11-18), further education colleges (for university preparation) and language schools.

We can help you with:

- choosing the institution/course that best suits your needs
- completing application forms
- applying for a government loan, bursaries and/or scholarships
- finding suitable accommodation
- travel arrangements
- finding placement positions

We maintain close relations with seven universities, two private higher education colleges and numerous schools and colleges in England and Wales - and the institutions in central Europe from where students apply. This means that we can remain sensitive to the needs of the students and the participating institutions and deal with any problems or difficulties in a friendly and personal manner.

Our aim is to reply to any query, correspondence or issue within 24 hours. We will seek to respond quickly and efficiently at all times. All our services are entirely FREE!
